

**THE
BLUE CRAB INSPECTIONS
200%
SATISFACTION
GUARANTEE**

Before your home inspection ends - and before your home inspection report is issued—let us know if you were unhappy with our service. If so, we will refund the cost of the inspection and pay for a separate company to perform another one.

This guarantee is only for the home inspection service rendered; all other services are not covered (e.g., radon, mold). Client(s) must be personally present during the entire inspection. The fee will be refunded to the person/party who originated the payment after a signed full release is received.

Secondary inspection must be completed within seven days of initial inspection. Proof of secondary inspection (an inspection report) must be provided, along with an invoice, for reimbursement.
